

WARM LINE

Be prepared for emergency situations.

How it works:

Help is not far away—even when you can't dial the phone. Your telephone can automatically dial an emergency number for you.

To use:

1. Lift the handset and wait 30 seconds.

2. The pre-designated number is automatically dialed.

To prevent automatic dialing:

1. Begin dialing within 30 seconds after lifting the handset.

Note:

- You must select the telephone number to be dialed when you sign up for Warm Line service. To change this number, contact the telephone business office.
