

SIMULTANEOUS RING

Program your telephone number to ring at up to 5 locations at the same time (work, home, mobile, etc).

How to set-up from your PRIMARY TOUCH-TONE TELEPHONE:

1. Lift the handset and listen for the dial tone.

2. Press *55.

3. The announcement will indicate if service is on or off and how many numbers are programmed.

4. To toggle the service on or off, press 3.

5. To add a number to your list, press #, then follow the voice instructions.

6. To remove a number from your list, press *, then follow the voice instructions.

7. To hear the numbers on your list, press 1.

8. To hear the instructions again, press 0.

How to set-up from ANY OTHER TOUCH-TONE TELEPHONE:

1. Dial 360-264-6067.

2. Listen for special dial tone, then dial your 7 digit telephone number, immediately followed by your pin number.

3. Program as from your primary telephone.

Note:

- When any location answers (including voice mail) the other numbers disconnect.
